General Education Pathways Requirements

Required Core

(RECR) ENG 111 _____

(RECR) ENG 151 _____

(RMQR) MTH231 (pre-major)

(RLPR) Science 1 of sequence (pre-major)

Flexible Core

(FUSR) _____

(FSWR) CSC126 (pre csc sequence)

(World Cultures & Global Issues)* 3 credits _____

*Please view your DegreeWorks for course options

(Creative Expression)* 3 credits _____

(Individual & Society)* 3 credits _____

Any Flexible Core from groups above*, 3 credits _____

College Option

Social Science or TALA (4 credits) _____

STEM MTH 232 (pre-major)

STEM Science class (pre-major)

Requirements: 200 level classes _____ P&D _____ Contemporary World _____

CSC electives notes:

* if you complete an additional upper math course beyond the two upper level math courses in the Math Courses section, we may additionally have it count as one 400-level CSC elective. Typically this is the case if you're completing the math minor. This is limited to one instance, and the choice cannot be MTH 306.

With faculty permission, a student may take a CSC graduate course as a 400-level elective.

** To take CSC 450 you must have a minimum 3.5 GPA. It is similar to an independent study, where you consult a CSC faculty of your choice if they are able to supervise a research project, then complete the independent study form in 1N-215. You will also present your work in the annual Undergraduate Research Conference.
